## STRATEGY IS NEEDED TO MOVE 41 INTERNATIONAL FORWARD

Why do we need a strategy for 41 INTERNATIONAL?

Tablers, young and old, is used to change. Adopt, adapt and improve is our way forward. Our constitution is our foundation and it gives us our purpose in the world. A strategy will give us direction and a common understanding of what we need to do, to fulfill this purpose. We need many years of consistent work to move forward together in the right direction. Many succeeding Presidents must follow the strategy and make sure we keep adapting and improving.

The strategy document is not a “law” but a document giving guidance to current and future Boards. It will be a topic for discussion at HYM every year and a platform for the new Board to make their plan for their year. It will be a major support for incoming President/board planning their year. Changes to strategy should be done by the Board, but it should represent a consensus among the majority of members, especially big changes.

The strategy is based on a purpose statement in our constitution. A clear vision of where we are heading is needed. The vision is not a destination, but a direction to guide our choices. It like heading for the direction of a certain star knowing you will never actually reach it.

Our goals are the short-term achievements every Board will work toward as part of the bigger picture. New Boards should work on their action plans and revise them as often as needed to move us forward.

I have started to work on a strategy document for the future in a Power Point format. I will ask for input from Luca and Barry in the weeks to come. I also want to host some zoom meetings with people who would like to share their opinion and give advice before a strategy document is presented. The current international Board will of course be asked to contribute too. The current draft is based on my own ideas and input from past Presidents, past plans and all the IROs and Presidents/dignitaries who answered to my survey.

I look forward to work with the international community in the years to come!

# SKEET SHOOTING 41 GRIMSTAD, NORWAY

Fun with Skeet shooting 41 Grimstad, Norway.

We are always looking for adventure and fun things to do for the past Tablers. Our Chairman Karsten Hansen is a passionate hunter and took us all to one of his friends who has made a skeet shooting area.

It is in the forest by a small lake. Wonderful area for us to learn how to target the skeet. When you have skillful instructors, you can improve your score quickly. In my first round of shooting, I could hit one out of 5 shoots. The last one was 5 out of 5, with some luck. The new club champion, Jarand Coll, won a Round Table champagne bottle. We also found time to elect a new Board. Chairman Karsten Hansen, Nils Henriksen and Geir Oppdal as board members.

Past Tablers like to have fun and be active, and this is something everybody should try.

# EXTENSION REPORT 41 INTERNATIONAL

Dear club-friends!

Since the beginning of the Corona crisis, club life on an international basis has changed fundamentally. All national AGM's and also the international events were cancelled. Nevertheless, the contact has intensified through the video conferences which take place almost weekly.

As IPP it is my task to intensify the contacts to possible new club members. I have also succeeded in this with Club 41 Senegal. The further efforts with Club 41 Nepal and Dubai are currently interrupted, but are to be intensified in autumn.

I would like to give you a brief overview of the current 41International situation regarding new members:

For some years now, the contact to RTI has been very close. There have been two main reasons for this, namely

- 2014 the completion of the MOU at the IAGM in Cyprus and
- 2018 the foundation of "The Round Table Family" platform at IHYM in Marrakech.

Nevertheless we have to wait until the recently founded RT nations establish themselves and then become strong 41 nations.

Let's look to Europe!

There are 17 members of 41 International, 6 of these have less than 100 members, 2 more nations with 41s (Luxembourg and France) and 8 RT nations (Bulgaria, Estonia, Gibraltar, Latvia, Lithuania, Moldova, Monaco, San Marino). These also have less than 100 members each.

Admission interviews are currently being held with Luxembourg and Estonia.

In Asia and Australia / Oceania there are 3 members of 41 International, 4 more nations with 41s (Nepal, Kuwait, Dubai and New Zealand) and 6 RT nations (Hong Kong,

Philippines, Russia, Singapore, Bangladesh, Australia). These currently have only one club each.

Reception talks are currently being held with Nepal and Dubai.

In Africa there are 4 members of 41 Int. as well as Senegal with an already submitted application for admission. Then 5 more nations with 41s (Kenya, Madagascar, Botswana, Malawi and Seychelles) and 4 RT nations (Cameroon, Nigeria, Tunisia and Zambia)

Reception talks are currently being held with Kenya and Madagascar.

In South America there is 1 member of 41 Int. (Suriname) and 1 nation with 41s namely Brazil and 1 RT nation with Trinidad and Tobago.

In North America there is 1 member of 41 Int. (USA) and 1 nation with 41s namely Canada.

Reception talks are being held with Canada.

With a bit of luck we can expect applications from Luxembourg, Estonia, Nepal, Dubai, Kenya, Madagascar and Canada.

As you can see, especially in times of Corona there are many virtual contacts with friends of 41s worldwide and exciting discussions about the extensions of our 41s family are being held.

My work is of course only possible with such great support from many countries.

After I will stay for another club year IPP until the IAGM in Verona on 27.5.-29.5.2021, I would like to ask you to continue supporting me and our 41 international family.
