Countdown to the HYM in Bern Just Six Weeks to Go

The Editor's Desk

October is rapidly approaching and we are preparing for the Half Year Meeting to be held in Bern, Switzerland on the 17th to 20th of October. Full details of all the events and hotels are included in an article starting on page 6. Make sure that you are booked in as soon as possible to avoid disappointment. There is a choice of three grades of accommodation but all are contained within the same building.

All requisite documents relevant to the HYM Meeting were circulated to the national boards in mid August by the International secretary. We are delighted to see that Club 41 France has re-applied for membership of 41 INTERNATIONAL and the vote will take place in Bern.

The two YAP tours of India (one in the North and the other in the South) were concluded at the beginning of August and lots of very happy youngsters returned home having visited many of the wonders of India. There are group photographs of both tours in this edition along with an article and photos of the YAP tour to Nepal.

41 Club India have provided very interesting details of their activities over the last 12 months. It is wonderful to see the success of their national charitable projects and the number of new clubs chartering.

Below is a picture of the new House of Hope sign being installed, which features the 5 Club Family logo

Looking forward to meeting as many of you as possible in Bern and please remember that I am always looking for news items from far and wide. If you have any news, no matter how large or small, that you want to share with your fellow 41ers please send it to at the address below.

Please send your contributions to communication-manager@41international.net

Remember it is **"With Love"** for 2024/25

65th International Assembly of the Ladies Circle Casablanca August 22-25, 2024

This year 2024, Morocco had the honour of hosting the 65th Edition of the International Assembly of the Ladies Circle 2024

First of all, let us point out the great success of this event and the perfect organisation by LC Morocco under the leadership of:

Najwa Bouzoubaa, convenor

Balsam Zine, National President of LC Morocco 2024

And all the ladies staff of Casablanca

Of course, all the countries of the world came to complete the party.

Several pre-tours allowed ladies from abroad to discover Morocco from north to south for a whole week.

Note that the five International Presidents of the Round Table Family (RT, LC, Agora, Tangent and Club 41) were present in Casablanca to attend this beautiful party.

The international Club 41 was well represented by:

Aziz Cherkaoui, International President

Robert Lerch, Vice President Elect

Bob Standaert, International Treasurer

-The proposed programme was of a high quality combining modernity and Moroccan tradition:

Thursday, August 22: Opening of the ceremony in the presence of a Moroccan minister and all the delegations of the different countries.

Then took place the usual parade on the cornice of Casablanca, an unforgettable moment for the foreign delegations.

The evening brought together these beautiful people, in a Moroccan palace, around a succulent Moroccan dinner.

Friday, August 23: Holding of the 2024 international assembly.

Of course, as International President, I made a speech in which I conveyed the congratulations of Club 41 to our friends of the Ladies Circle, And of course, I passed on my Motto: *with love*

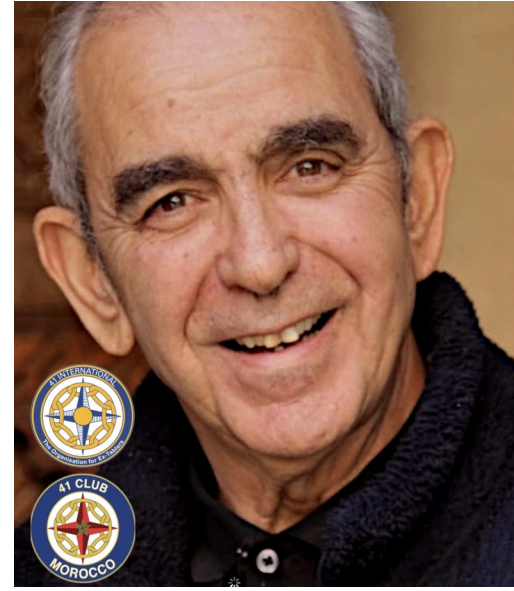

The assembly was led by Airi Arrak, International President of the LC who then passed the torch to the Zambian Lisha Chibale Kufekisa, new International President of the LC for 2024-2025. Knowing that the 2025 assembly will take place in Brasov, Romania.

In the evening, the participants were invited to several home parties.

Saturday, August 24: a free day closed by a gala evening in an extraordinary place: The Golden Square -obviously we attended the passing of the necklaces between the two boards. A great moment full of tears and emotion.

What to remember from Casablanca: quality event, beautiful people, a perfect organisation carried out by a united team that did a good job - bravo to the Ladies Circle of Morocco.

A Quick Guide To Bern

Bern introduces itself

Bern is the federal city and capital of Switzerland. The city on the Aare loop is the political centre of the country and a popular tourist destination. The old town, which was included in the Unesco World Heritage Site in 1983, captivates guests from all over the world. Top achievements in medicine and science have given Bern an international reputation. A wide range of educational, sports and cultural activities make Bern worth living in.

Bern Ticket (free public transport in the city of Bern)

From the first overnight stay in an accommodation establishment within the city of Bern, you will receive the Bern Ticket for your entire stay, and thus enjoy free travel in zones 100/101 of the Libero fare network.

The Bern Ticket is ideal for travelling from A to B or to get to know and explore the federal city a little better after the event. With this ticket you can enjoy free travel in Bern and the surrounding area. All tram and bus journeys in zones 100 and 101 of the Libero fare network are included.

On the day of arrival, you don't need to worry about a transfer ticket. If the ticket has not already been activated in advance via the Bern Welcome app, the reservation confirmation from the hotel is sufficient to travel from the train station or BERN Airport to the accommodation.

[CLICK HERE](#) to download the APP

The free ticket also includes the well-known Gurten and Marzili cable cars as well as the lift to the cathedral platform.

Sights

For your visit to Bern, here is an overview of the most famous sights in the city of Bern.

Bern is rich in sights. The classics are known far and wide: the **old town**, which is included in the UNESCO World Heritage List, the **Bundesplatz** with the popular water feature and the much-visited **Bear Park**.

Here are some links to other

Bernese attractions:

What Language is Spoken in Bern

The official language in Bern is German, more specifically the Bernese German, a dialect of Alemannic Swiss German. Italian and French are also spoken among some 10% of the population.

Getting to Bern From Zurich Airport

Bern has an airport but it is very small. Most international flights operate into either Geneva or Zurich. The latter is the most usual airport and is 120 kilometres from Bern. A regular direct train service runs twice an hour for most of the working day. Pre booking is cheaper than buying the tickets on the day.

Using a taxi would be very expensive.

Currency in Switzerland

The currency is the Swiss Franc (CHF) and example exchange rates as of mid August are 1 CH =

- Euro 1.05
- Pound Sterling 0.90
- US Dollar 1.16
- Indian Rupee 97.00
- Moroccan Dirham 11.32
- Swedish Kronor 12.13

Exchange rates will of course change daily.

President Aziz and his Social Programme for his Presidency

Dear friends 41 around the world

As I presented in my programme at the international assembly in Marrakech on June 1, 2024:

During my year as International President 2024-2025, I proposed a social programme called: *the stars of the Atlas*.

It is a programme which is intended for young girls from the Atlas Mountains (Marrakech region) and who were hit by the severe earthquake of September 8, 2023 and which left this region very devastated.

Through this social programme I wanted to provide social assistance and I have an associate in this project, the New hope Foundation of Belgium, as well as Agora Club International who found this project interesting and I thanked them for associating with 41 Club in this humanitarian project.

Since then, we have tried to work to make a large jute bag which would contain all the necessary elements for the life of a young girl aged 14 to 18.

We have not yet finalised the contents of this bag which will be distributed to young girls this year. But what is certain is that the value of this bag is around €40.

Of course, I am addressing all the goodwill of all 41 countries to help me to make this project a success.

Below are some tables which will give a first idea of this project.

The final project will be finalised and certainly it will be presented at the HYM in Bern in October 2024.

Long live solidarity, long live mutual aid and long live 41 friendship.

With Love

Aziz Cherkaoui

Nr.1 Guide to the English

The English share a dislike in anyone behaving in a manner that "goes too far".

The admired way to behave in almost all situations is to display a languid indifference. Even in affairs of the heart, it is considered unseemly to show too much enthusiasm.

Cricket:

"If Joseph Stalin had learned to play cricket, it's fun to speculate how his life might have been different. Perhaps the discipline and teamwork required in cricket could have influenced his leadership style in a more positive direction. The world, today would not be in a better place."

Cricket to the English is not just a game. It is a symbol a 22-man personification of the English beliefs and philosophies. Ignore it at your peril. If you do, you could be on a "Sticky Wicket". You might then be accused of not having put your "best foot forward" and have not playing a "straight bat"., both hallmarks of a bounder

The English Invented Cricket 750 Years ago and are fiercely possessive about it. Its laws are passed on amongst the initiated in a coded Language using phrases. Like "square leg" or bowling a "maiden over" and the waiting for a "tickle in the slips". In the past they took the game all over the World and always won, but gradually other nations got better at it, until now the English stand a pretty good safe chance of being beaten wherever they go.

People who are interested in cricket are passionate about it, whilst those who are not are totally indifferent to it. However, visitors to England would have to be blind not to spot at least one weekend cricket match in their travels. On the village green and television screen, groups of men, dressed in white, stand around waiting for something to happen. Watching cricket is like spiritual meditation, you become calm, the mind slowly empties, your mouth goes slack and you start to drool. When you are completely catatonic (gone) you will hear, after many hours, a distant cry of "Owzat?!" (is he out?)

Because so little happens in cricket, it is customary to accuse everyone in sight of having cheated, of tampering with the ball by roughing up the surface (so that it behaves in an irregular fashion): or of "sledging" (i.e., shouting abuse at the batsman so as to put him off his stroke), or of playing too fast for a one-day match, all of which the English vigorously complain is "just not cricket", unless, of course, they are at it themselves.

OLD TABLERS SPAIN 24-27.10. 2024 AGM

Fuengirola

As part of our plan to widen the interests of 41 INTERNATIONAL members, we have introduced a series of Special Interest Groups (or SIGs) on Facebook. Four were launched in May and we have added a further five in June. They are private groups and only members of 41 Clubs (or Tangents) are allowed to join. They cover a wide range of interests and we are looking to start more. Please feel free to apply to any groups that interest you and if you have ideas for other groups please let us know.

Please do not create your own groups using the 41 INTERNATIONAL name.

Do you produce on-line newsletters or magazines for your national association?

Do you want to spread your stories throughout the international members of 41 Club?

Then why not send them to 41 INTERNATIONAL to promote them for you!

If they are in your national language then using a translator programme may help, but be aware that they will have to be checked for correct translation.

Please send them in Word or pdf format to communication-manager@41international.net for consideration.

AND Finally...

Eating in the UK in the 1950s

1. Pasta was not eaten
2. Curry was a surname.
3. A takeaway was a mathematical problem.
4. A pizza was something to do with a leaning tower.
5. Crisps were plain; the only choice we had was whether to put the salt on or not.
6. Rice was only eaten as a milk pudding.
7. A Big Mac was what we wore when it was raining.
8. Brown bread was something only poor people ate.
9. Oil was for lubricating, fat was for cooking.
10. Tea was made in a teapot using tea leaves and never green.
11. Sugar enjoyed a good press in those days, and was regarded as being white gold. Cubed sugar was regarded as posh.
12. Fish didn't have fingers.
13. Eating raw fish was called poverty, not sushi.
14. None of us had ever heard of yoghurt.
15. Healthy food consisted of anything edible.
16. People who didn't peel potatoes were regarded as lazy.
17. Indian restaurants were only found in India.
18. Cooking outside was called camping.
19. Seaweed was not a recognised food.
20. "Kebab" was not even a word, never mind a food.
21. Prunes were medicinal.
22. Surprisingly, muesli was readily available, it was called cattle feed.
23. Water came out of the tap. If someone had suggested bottling it and charging more than petrol for it, they would have become a laughing stock!
24. And the things that we never ever had on our table in the 50s and 60s: elbows or phones!
