Membership Update

How you we need you to help

STRONGER TOGETHER

Membership Challenge 2026

- We are currently 562 Clubs
- With 10,878 members
- If every club brought in just two members this year
- We would be 12,002 members by the next AGM.

- Even allowing for age and the inevitable you need to recruit.
- Why?
- Because, it means we can keep capitation lower.
- We can keep clubs sustainable
- We can leave a legacy for the next generation

Supporting Membership

Chairman and Vice Chairman Workshops

- How to structure your club
- How to make better programmes and events
- How to recruit new Members
- How to Use Social media
- Organise meetings better Using Spond
- Learn how to use Canva tools for flyers posters and social media
- Get more out your membership and how to use the website more effectively

41 CLUB

STRONGER TOGETHER

THE NATIONAL BOARD REPORT

FORWARD PLANNNG REPORT

Membership Growth

How we need you to help

Age Demographic

CLUBS AT RISK

42 clubs
Have **6 or less** members — **Critically Endangered**

110 clubs
Have **10 or less** members — **Endangered**

That's up to 1,100 members

Gone!
Just like that.....

CLUB 41

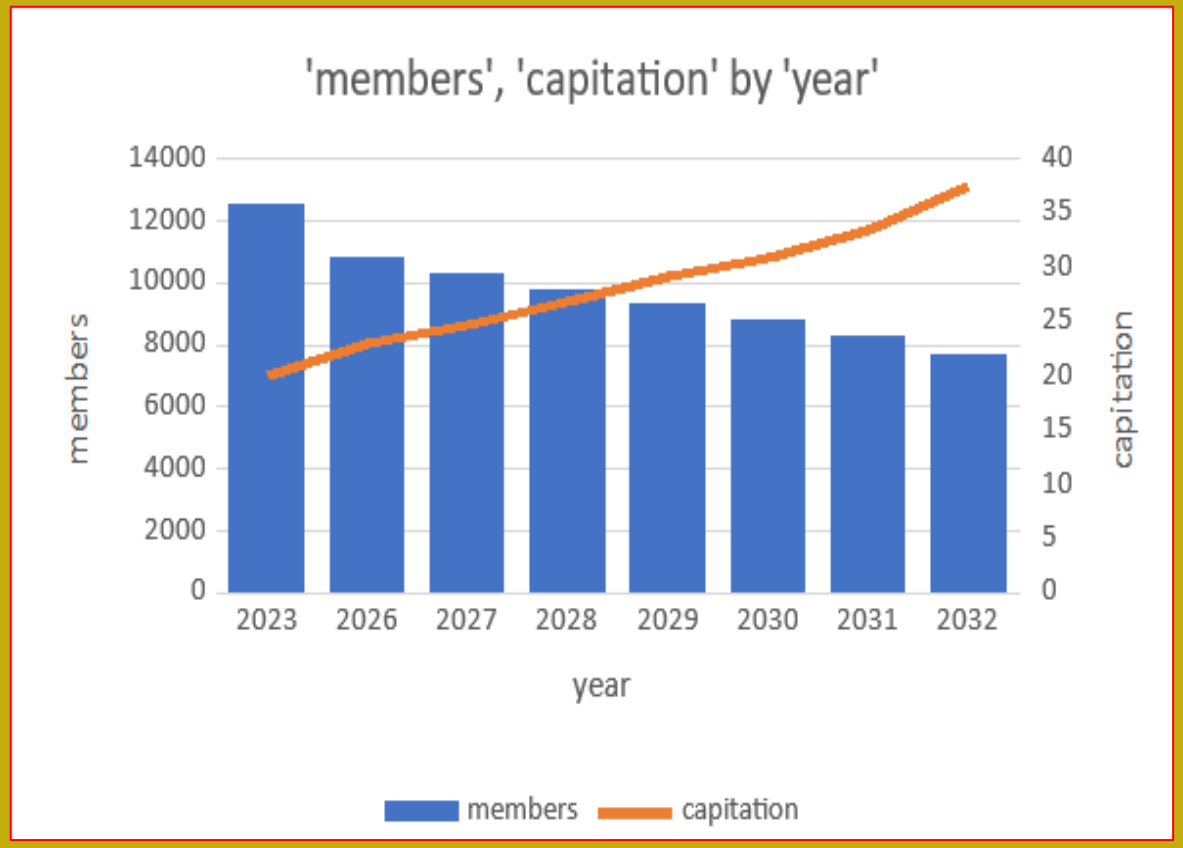

STRONGER TOGETHER

How much do we value our membership?

- 41 Club - £23 per year

Compared to ....

- Scouts (Under 18) - £44 plus local club fees
- Round Table - £85 - Some of us remember paying over £100!
- Rotary - £125
- Lions - £100
- Masons - Between £115 and £350

This chart shows original membership numbers against capitation over time and the key point is that the two trends are moving in opposite directions.

While overall membership is declining year on year, the capitation rate continues to rise, meaning the cost per member is increasing even as the member rate reduces.

This creates a compounding effect: fewer members are carrying a greater share of the overall financial burden

The data highlights a structural challenge, not a short-term fluctuation

Without intervention, rising capitation combined with falling membership risks

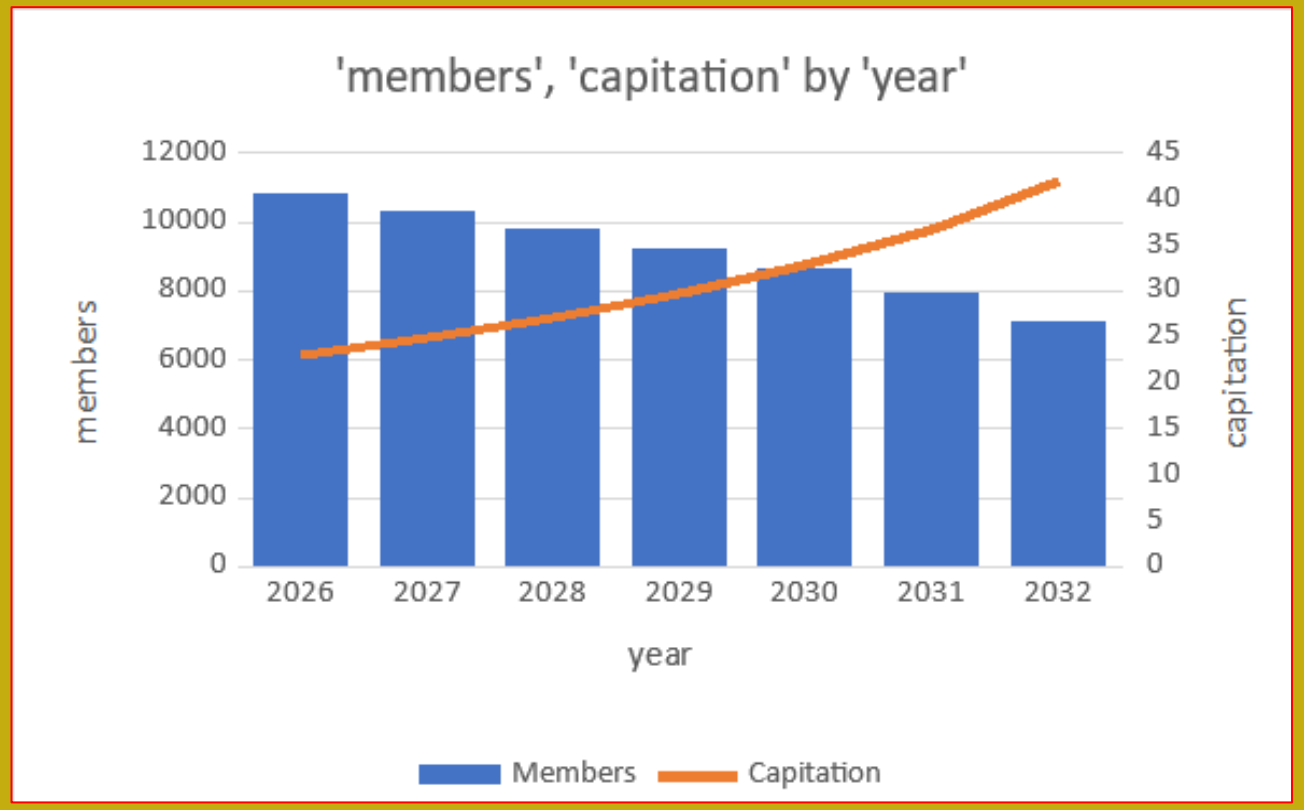

Increased pressure on clubs

Reduced affordability for members

And potential further membership decline

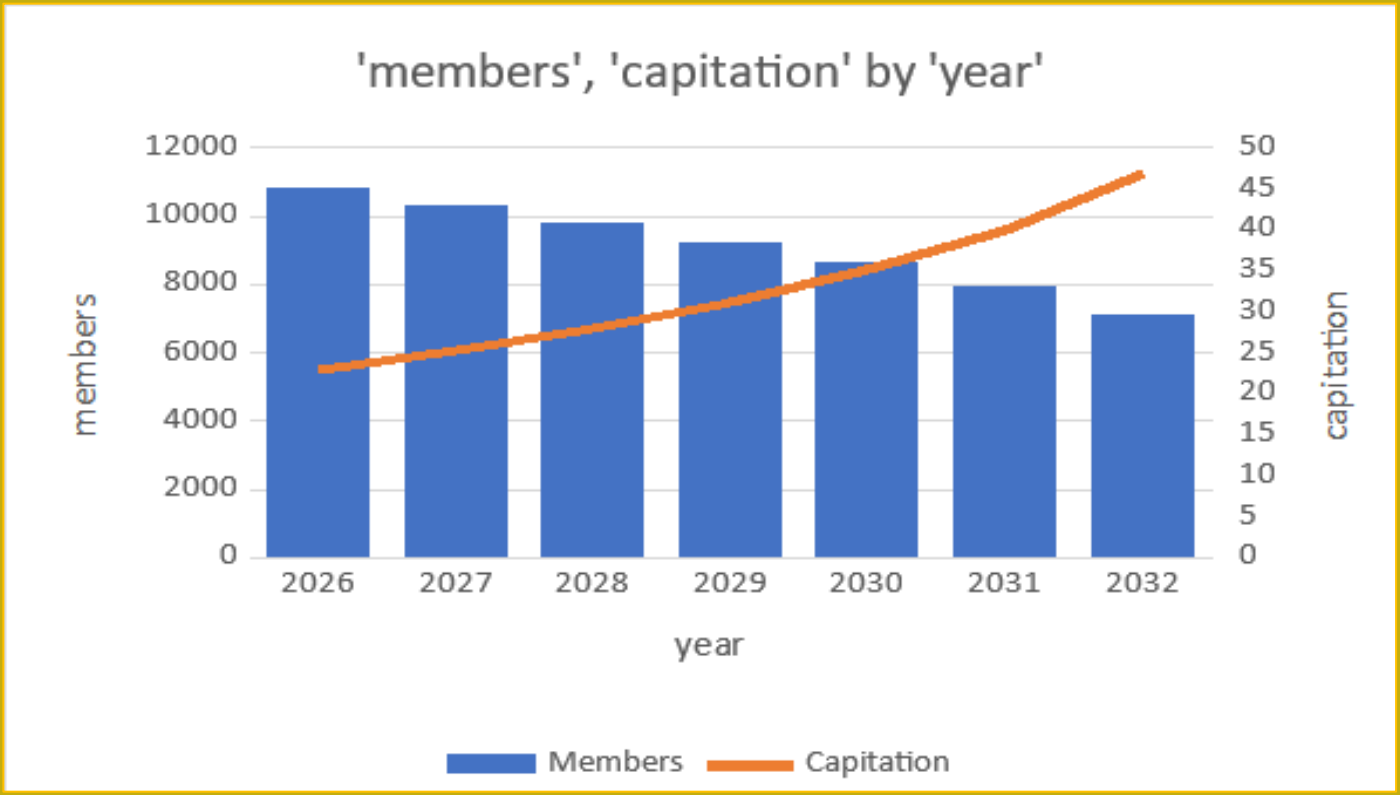

This reinforces why retention, recruitment and value perception are critical – stabilising or growing membership is one of the most effective ways to control future capitation pressure.

Data at 3%

- Even with a 3% annual change, membership declines and costs rise
- Small percentages compound into big problems
- Without intervention, pressure on clubs continues to increase

Data at 5%

At 5% decline accelerates rapidly

Costs rise faster whilst membership falls sooner

Delay significantly reduces future options

The difference between 3% and 5% doesn't look huge on paper – but over time, it completely changes the outcome

What can we do?.....

- Roadshows
- Joint events
- Talk to National Council – Ask how to grow my club

More on this later …

NATIONAL COUNCIL MOTIONS

VOTING PROCEDURE

NATIONAL COUNCIL MOTIONS

MOTIONS 1-34

MOTIONS FROM CONSTITUENT CLUBS

MOTION No 35

Proposed by Ilfracombe 41 Club, seconded by Bishops Stortford 41 Club:

Amend Rule 12.6 to add:

12.6.1 As a minimum, National Capitation shall increase each year by a percentage equivalent to that by which the State Pension will increase from the following April, rounded to the nearest fifty pence.

MOTION No 36

Proposed by London Old Tablers Society (London No.2) 41 Club, seconded by Beckenham XRT 41 Club:

To amend the age of membership to its historical 40 from the current age of 41 which appears to have crept in to the current Constitution by accident.

MOTION No 37

Proposed by Clevedon & District 41 Club, seconded by Isis Area 41 Club.

A further extension of 41 Club be established to accommodate the more senior members of the Association.

RATIONALE

41Club has quite correctly attempted to provide an extension to its profile to make retiring members of Round Table more easily integrate into the association i.e. XRT Clubs. It is felt that this approach, although valid, should be replicated to ensure that equal focus be given to the more senior members.

STRONGER TOGETHER

THE NEW LOGO

THE NEW MOTTO…

‘It Never Happened like this in my day’

STRONGER TOGETHER

THE NEW FINAL TOAST…

‘May the Hinges of Friendship Continue to Rust’

THE NEW PURPOSES AND OBJECTS…

- ‘To continue to be the preferred Association for members of 41Club who have reached 80 years of age and over
- To avoid at all costs active involvement in anything
- To use our experience to criticise everything the younger members decide upon
- To stay at 41Club members homes when abroad ensuring that the stay is free and adequate wine is provided

MEETING FORMATS…

- All meetings to have a break every hour to ensure any incontinence issues are provided for
- Meeting rooms to be in close proximity to toilets
- Chairman to have loud hailer to ensure attendees can hear
- Meetings to finish at 8pm
- Agenda in large type and in braille
- Current National President to be honorary member of every club
- ‘Sergeant at Arms’ to be renamed ‘Colonel at Arms’

EVENTS

IMPACT

- Off the back of the partnership, ANDYSMANCLUB opened its doors in Market Harborough for the very first time. This is the first instance where an external organisation have led and collaborated on a new club opening with us, with 41ers facilitating the group. Since opening its doors, the session has been used 302 times, with 32 individuals having used the group for the first time in the town. On average, 17 people use the group every week.

- The partnership has engaged our members in activities they would never had done had it not been for the partnership. Ranging from fire and glass walks, to the big spring clean, to delivering talks and presentations on a local level - these events have acted as a huge confidence booster and have been incredibly engaging for our members - we have always been received with warm hospitality.

- Through the network of 41ers across the country, and JT, we have struck up relationships with businesses and organisations that have led to the delivery of talks and presentations, donations and the attendance of staff from these organisations at our groups. This work saves lives.

LEGACY

- The investment of 41 Club in our charity has been like nothing we have seen before, the volunteering hours we have seen invested, the constant championing of the charity by all involved, and the friendships struck up in the time are hugely significant and will last well beyond the year of partnership.

- Market Harborough AMC will continue to run and also lead to the opening of additional groups in that area. Work is ongoing to open new groups in Tamworth, Saffron Walden/Dunmow and Downend/Bath - this work will continue beyond the year of partnership.

- The knowledge is now well-ingrained for 41ers that AMC is there as a channel of support should they need it, and equally, members of AMC have joined the RT family since the beginning of the partnership.
